### CURRICULUM VITAE

Paul E. Gold

Distinguished Professor Department of Biology Syracuse University 107 College Place Syracuse, NY 13244 pegold@syr.edu

Education:

- B.A., University of Michigan, Zoology, 1966.
- M.S., University of North Carolina at Chapel Hill, Department of Zoology, Neurobiology Program, 1968.
- Ph.D., University of North Carolina at Chapel Hill, Department of Psychology, Neurobiology Program, 1971.
- Postdoctoral Training, University of California, Department of Psychobiology, 1970 -1973.

Honors and Awards:

Predoctoral Fellowship, National Institutes of Health, 1967.

Postdoctoral Fellowship, National Institute of Mental Health, 1972.

James McKeen Cattell Award, 1983.

University of Virginia Sesquicentennial Associate Award, 1983, 1990, 1997.

Fellow, American Psychological Association, 1987-

- Fellow, American Psychological Society, 1989-
- Endowed Chair: Commonwealth Professor of Psychology, University of Virginia, 1997-1999

Fellow, American Association for the Advancement of Science, 1997-

- Distinguished Alumnus Award, University of North Carolina, Department of Psychology, 2000
- APA Master Lecturer, American Psychological Association, 2000
- Saint Louis University, Jim Flood Memorial Distinguished Lectureship, 2002

Recognized on the Students' List of Excellent Teachers, University of Illinois: 2008, 2011 Professor Emeritus, University of Illinois, 2012-

Distinguished Professor, Department of Biology, Syracuse University, 2012-

- Inaugural Luttge Lectureship, Evelyn F. & William L. McKnight Brain Research Institute, University of Florida, 2013
- James K. Duah-Agyeman Faculty Award, Center for Graduate Preparation and Achievement, Syracuse University, 2014
- Fellow, University of California Irvine Center for the Neurobiology of Learning and Memory, 2017-

## **Positions Held:**

University of North Carolina at Chapel Hill: Lecturer, Department of Psychology, 1970 University of California. Irvine: NIMH Postdoctoral Fellow, Staff Research Psychobiologist, Lecturer, 1971-1976 Fellow, Center for the Neurobiology of Learning and Memory, 1983-1984 University of Virginia, Charlottesville: Assistant Professor, Department of Psychology, 1976-1978; Associate Professor, 1978-1981; Professor, 1981-1996 Endowed Chair: Commonwealth Professor, 1997-1999 Neuroscience Faculty, 1976-1999 Member, Diabetes Center, 1985-1999 Head, Psychobiology Area and Graduate Program, 1988-1992, 1998-1999 Associate Director, Neuroscience Graduate Program, 1989-1991 Director, Neuroscience Graduate Program, 1991-1995 Member, Center on Aging and Health; Chair, Neuroscience of Aging, Memory and Behavior, 1991-1999 Member, Interdepartmental Program in Cognitive Science, 1992-1999 Commonwealth of Virginia, Member of Governor's Commission on Alzheimer's Disease and Related Disorders, 1998-1999 SUNY - Binghamton Professor, Department of Psychology, 1999-2000 Head, Behavioral Neuroscience Area and Graduate Program, 1999-2000 Associate Director, Center for Developmental Psychobiology, 1999-2000 University of Illinois at Urbana-Champaign Director, Medical Scholars MD-PhD Program, College of Medicine, 2000-2002 Professor, Department of Psychology, 2000-2012 Professor, Neuroscience Program, 2000-2012 Professor, Department of Psychiatry, 2002-2012 Professor, Division of Nutritional Sciences, 2002-2012 Professor, Institute for Genomic Biology, 2004-2012 Member, UIUC NIDA Center for Neuroproteomics, 2004-2012 Interim Director, Neuroscience Program, 2004-2005 Professor, Department of Bioengineering, 2008-2012 Professor, Department of Molecular and Integrative Physiology, 2009-2012 Associate Dean, College of Medicine, 2009-2011 Professor Emeritus, Department of Psychology, 2012-Syracuse University Distinguished Professor of Biology, 2012-Member, Aging Studies Institute, 2013-Posse Foundation mentor for LA Posse 2 scholars, 2013-Upstate Medical University

Affiliate Professor, Neuroscience Graduate Program, 2012-

#### Memberships:

Society for Neuroscience American Psychological Association American Psychological Society American Association for the Advancement of Science International Society for Psychoendocrinology International Brain Research Organization Association for Women in Science

### Professional Services Include:

Editor-in-Chief, Neurobiology of Learning and Memory (1998-2011) Editor-in-Chief, *Psychobiology* (1990-7) Associate Editor, Frontiers in Behavioral Neuroscience - Endocrinology (2019-) Editorial Boards: Behavioral Neuroscience; Neurobiology of Learning and Memory; Reviews in the Neurosciences; Psychonomic Bulletin & Review; Psychobiology; Open Longevity Science (formerly Open Aging Journal); Neural Plasticity; Frontiers in Neuroscience; American Journal of Neurodegenerative Disease Member, National Institute on Aging Study Section (Models of Alzheimer's Disease and Neurodegenerative Disorders) (1990-1991) Member, National Institute on Mental Health Study Section: Cognitive Functional Neuroscience (1991-1992) Member, National Science Foundation Advisory Panel for Behavioral and Computational Neuroscience (1993-1996) Member, National Science Foundation Panel on Learning and Intelligent Systems (1996) Member, Society for Neuroscience Committee on Animals in Research (1993-1998) Member, American Psychological Association Committee on Animals in Research and Ethics (1996-1999) Member, National Institute on Aging Study Section, Alzheimer's Disease Research Centers, 1994, 1999 Member, Scientific Advisory Board, Alzheimer's Drug Discovery Foundation, 2000-Member, American Psychological Association Selection Committee for Early Career Award in Animal Learning and Behavior, Comparative Area, 2001 Member, National Institute on Aging Site Visit Committee, 2003 Member, National Institute on Aging Site Visit Committee, 2004 Member, National Institute for Mental Health. Special Emphasis Panel, 2004, 2005 Program Chair, Winter Conference on the Neurobiology of Learning and Memory, 1993-4, 1999-2000, 2003-4, 2005-2006 Member, Executive Committee, Winter Conference on the Neurobiology of Learning and Memory, 2003-2012 Member, Society for Neuroscience Committee on Women in Neuroscience, 2004-2008; steering committee, 2005-2008 Member-at-large (elected), Steering Group, Section on Psychology, American Association for the Advancement of Science, 2005-2009. Member, Neuroscience Program Review Committee, Texas A & M, 2008-9 Member, NIMH Review Panel, R25 Research Education Grants, 2008 Chair, NIH National Institute on Aging Review Panel, 2009 Member, NIH Neurotoxicology and Alcohol Study Section, 2010.

Member, NSF Review Panel, Modulation of Neural Systems, 2011

Member, NIH Review Panel, Learning and Memory Study Section, 2014

- Member, Reviewer, Marko Spark Innovation Research Fund in Memory, Cognition, and Neurodegeneration, Tulane Brain Institute, 2016
- Outside dissertation evaluator, Binghamton University, 2016-2017
- Member, Texas A & M University Academic Program Review Team, Institute for Neuroscience, 2017
- Member, Review Board for Alzheimer's Association, 2003-

Member, International Rett Syndrome Foundation Scientific Review Board, 2009-

Participant, NIH Center for Scientific Review Project, 2018-

Grant reviewer, Consejo Nacional de Cienia y Tecnologia (*CONACT*, National Council of Science and Technology, Mexico)

Member, NIH Review Panel, Transition to Aging Research Study Section, 2020-2022. Guest Editor, Special Issue, Neurobiology of Learning and Memory, 2020-2022.

#### University of Illinois:

Director, Medical Scholars (MD-PhD) Program, College of Medicine 2000-2002 Head of the following committees (partial list):

Search Committee for Student Coordinator; Search Committee for Associate Director; Search Committee for Assistant Director; Search Committee for Administrative Assistant; Search Committee for Coordinator of Research and Training Grants

Member, Executive Committee, College of Medicine 2000-2011

Member, Educational Policy Committee, College of Medicine 2000-2002

Member, Basic Sciences Subcommittee, College of Medicine 2000-2002

Member, Clinical Affairs Subcommittee, College of Medicine 2000-2002 Chair, Admissions Committee

Member, Faculty Search Committee, Medical Humanities and Social Sciences Program 2000-2002

Co-organizer, UIUC Cross-Cutting Initiative on Aging 2001-2006

Member, Executive Committee, UIUC Initiative on Aging 2001-2006

Member, Search Committee for Head, Department of Community Health, 2005

Member, College of Medicine, Search Committee for Head of Development Office 2001-2002

Member, Executive Committee, Neuroscience Program, 2001-2004; 2006-2010 Member, Space Committee, Department of Psychology, 2002-2005

Member, Vice Chancellor for Research Committee on Laboratory Animal Care, 2003 Member, Faculty Appeals and Grievances Committee, College of Medicine, 2003-2011

Co-Organizer, Conference on Aging, Nutrition, Cognition and the Brain, 2003

Chair, Vice-Chancellor for Research Faculty Advisory Committee on Animal Care, 2003-2006

Member, Faculty Search Committee, Department of Psychology, 2003-2004 Member, Committee on Fundraising Priorities, College of Medicine, 2004-2011 Interim Director, Neuroscience Program, 2004-2005

Member, Faculty Search Committee, College of Applied Life Studies, 2004-2005 Member, Beckman Institute Review Committee, New Research Initiatives, 2005 Member, UIUC-Carle Translational Research Proposal Review Committee, 2006-2011

- Member, Provost Committee on the Future of Biology Education; Chair, Subcommittee on Growth Points in Biology, 2006-8.
- Member, Committee on Appointments, Reappointments, and Promotions, College of Medicine, 2003-; Chair 2007-2011
- Chair, Faculty Appeals and Grievance Committee, 2007-2011
- Chair, Department Head Administrative Review Committee, School of Integrative Biology, 2007-2008
- Chair, Colloquium Committee, Neuroscience Program, 2009-2011
- Member, Executive Committee, College of Medicine, 2008-2011

Member, IACUC, 2009-2011

Associate Dean, College of Medicine, 2009-2011

Chair, Search Committee for Associate Dean for Clinical Affairs, College of Medicine, 2010

Member, College of Medicine Curriculum Transformation Task Force, 2010-2011

# Syracuse University:

Member, Dean's Committee for Endowed Professorship, 2012 SU Advance Partner. 2013-

Member, College of Arts and Science Promotion and Tenure Committee, 2013-2016

Member, Department of Biology Graduate Committee, 2013-2015

Mentor, POSSE Program, Los Angeles 2, 2013-2018

Member, Department of Biology Chair's Advisory Cabinet, 2014-2017

Member, Department of Biology Awards Committee, 2016-

Member, Chemical tracking working group, 2019-

Member, Department of Biology Graduate Education Committee, 2019-

co-Instructor/coordinator of LSAMP/SOURCE Summer 2021 Power Lab, 2021

co-Instructor/coordinator of Interdisciplinary Research on Alzheimer's Disease Scholars (InRoADS) Program

# Research Foci: Neurobiology of neural plasticity, memory, aging

# Current projects include:

- Pharmacological enhancement of memory and neural plasticity in models of aging and cognitive dysfunctions
  - o Systems and cellular mechanisms of drug enhancement of memory
  - Integrative physiological bases of age-related changes in learning and memory

     from hormones to liver to brain
  - o Cognitive 'priming' of learning and memory in young and aged rats
- Regulation of memory processing by astrocytic glycogenolysis and lactate production
   o Long-term effects of experience on brain glycogen and lactate
- In vivo microdialysis / HPLC and biosensor assessments of neurotransmitter release and extracellular brain glucose and lactate levels in rats and mice during behavioral testing
- Brain glucose regulation of brain functions in rodent models of Alzheimer's Disease and Down Syndrome
- Acute and long-term effects of drugs of abuse on behavior and brain metabolism
- Effects of stress on neural plasticity and memory
  - Neurotransmitter and hormonal regulation of induction and maintenance of longterm potentiation

# Extramural Research Support:

## Past:

- 1974-1975 NIMH: Hormonal influences on time-dependent memory processes
- 1976-1980 NSF: Hormonal modulation of memory storage
- 1978-1981 NIA: Aging and memory
- 1980-1985 NIMH: Neuroendocrine modulation of memory
- 1983-1985 NSF: Learning under anesthesia
- 1984-1986 ONR: Stress and memory
- 1986-1988 American Diabetes Association: Memory in diabetic rodents
- 1987-1990 NIMH: Neuroendocrine modulation of memory
- 1988-1994 ONR: Glucose effects on human memory and on neurobiological memory substrates
- 1990-1994 NSF: Neuroendocrine regulation of memory storage
- 1994-1998 NINDS: Glucose, Neural Systems and Memory
- 1995-1997 MacArthur Foundation: Animal models of cognitive and biological aging
- 1999-2003 Alzheimer's Association: Assessment of cognitive deficits in the Ts65Dn mouse (model of Down Syndrome): Pharmacological studies

USDA: Fluctuations in brain extracellular glucose levels: Consequences for cognitive functions
NINDS: Glucose, neural systems and memory Predix Pharmaceuticals: HT-4 drug effects on ACh release in the rat brain NIDA: Stress effects on the balance between memory systems
NIA: Memory and aging
NIDA: Protein synthesis inhibitors, neurotransmitters and memory Alzheimer's Association: Glucose, K-ATP channels and memory in mouse models of AD and DS
NIDA: Neuroproteomics Center on Cell-Cell Signaling (PI: J. Sweedler)
NSF: Neuroendocrine modulation of LTP durability. (co-PI; PI: D. Korol)
The Center for Aging and Policy Studies (CAPS), Syracuse University: Energizing the aged brain for optimal learning and memory
The Center for Aging and Policy Studies (CAPS), Syracuse University: Use it and boost it: Enhancing cognition in elderly rats with prior mental activity. (co-PI; PI: D. Korol)
NIA: NRSA, predoctoral, on behalf of Mr. Kenneth Morris
NSF: Contributions of astrocytes to metabolic modulation of memory.
NIDA: Durable changes in cognition and astrocytic bioenergetics after drug experience
Private donors: Glucose effects on cognitive functions
NIH: Mechanisms of cognitive deficits in dystroglycanopathies (co-l; PI: Huaiyu Hu [Upstate Medical University]).
NIA: Age-related changes in learning and memory mediated through noradrenergic regulation of astrocytes. (co-PI; PI: Donna Korol, Syracuse University)
Syracuse University SOURCE program on behalf of Monica Ciaffi.
Syracuse University SOURCE program on behalf of Michael Martin
Syracuse University SOURCE program on behalf of Monica Ciaffi.
NIA: Astrocyte role in accelerated forgetting rates in during aging and AD models in rats
NIA: Priming the aged brain with cognitive and physical exercise (co-I; PI: Donna Korol)
NINDS: Plasticity within astrocytes – long-lasting changes in brain glycogen after experience
NIH: Diabetes, brain energy substrates, and cognition (co-I; PI: Donna Korol)
NIA: Astrocytic control of decision making in male and female rats during aging. (co-PI; PI: Donna Korol, Syracuse University)

## Extramural Training and Instructional Support:

<i>Current:</i> 2021-2023	Gelfand Family Interdisciplinary Research on Alzheimer's Disease Scholars Program (InROADS) (co-Director)
Past: 1978-1981 1980-1985 1996-1998 1996-1998 1995-1998 1997-1999	NSF: Undergraduate Laboratories in Neuroscience (co-PI) NIMH: Training Grant, Behavioral Neuroscience (PI) NIA: Dissertation Grant, on behalf of Ms. Cheryl Talley. NINDS: Postdoctoral supplement on behalf of Dr. Juan Salinas. NIMH: NRSA, predoctoral, on behalf of Mr. Mark Stefani. NIH: Training Grant, Training in Neuroscience (co-PI, 1992-1997; Preceptor 1997-2002)
1996-1999 1996-1999	NICHD: Training Grant, Neural and Behavioral Development (Preceptor). NIMH: Training Grant, Developmental Psychology (Preceptor).
2003-2013	NICHD: Developmental Psychobiology and Neurobiology (Preceptor).
Consultant:	
1996-1999	Private donor: Nutritional influences on cognition in the elderly. (D. Korol, D. Willingham, Dept. Psychology, U. Virginia, PIs)
1998-2001	VA: Noradrenergic contributions to acquisition of memory in PTSD. (S. Southwick, Dept. Psychiatry, Yale U., PI)
2005-2010	NIMH: Experience-dependent changes in the brain. (D. Clayton, PI)
2006-2011	NINDS: Cholinergic Regulation of the Circadian Clock. (M. Gillette, PI)
2006-2011	NINDS: The role of acetylcholine in diencephalic amnesia. (L. Savage, PI)
2006-2011	NINDS: Muscarinic regulation of plasticity in the brain. (S. Fahrbach, G. Robinson, co-PIs)

Mentor for individuals with minority fellowships and grants; mentee's institution at time of award:

- 1994-1998 Dr. Cheryl Talley, University of Virginia
- 2001-2003 Dr. Lisa Savage, Binghamton University
- 2000-2006 Dr. Clint Canal, University of Illinois
- 2003-2005 Ms. Cynthia Colon-Rivera, University of Illinois
- 2003- 2006 Mr. William Ramos, University of Texas at San Antonio
- 2004-2006 Ms. Gloria Chapa, University of Illinois
- 2007-2010 Dr. Todd Coleman, University of Illinois

- Gold, P.E., Hamling, B., Newman, L.A., and Korol, D.L. Lactate enhancement of memory in young adult and aged rats.
- Pfander, J.E. and Gold, P.E. Flogging the child: Memory and law.
- Gold, P.E. Use and misuse of memory consolidation: Time to move on?
- Newman, L.A., Korol, D.L., and Gold, P.E. Memory deficits in Alzheimer's disease model mice coincide with appearance of amyloid plaques and are preceded by insensitivity to glucose enhancement of memory.
- Newman, L.A., and Gold, P.E. Inhibition of lactate transport impaired spatial working memory more in juvenile than in adult rats.
- Gold, P.E., Countryman, R.A., Kowalczyk, C., and Florek, A. Activation of c-Fos, c-Jun, and Zif-268 in the hippocampus of young and old rats after training on a social transmission of food preference task.
- Gold, P.E. and Chang, Q. Effects of intra-hippocampal morphine injections on place and response learning.
- McNay, E.C. and Gold, P.E. Modulation of spatial memory: differential effects of manipulation of septum and amygdala.

## INVITED PRESENTATIONS

- Workshop on "Behavioral and Physiological Definitions of Learning," Social Science Research Council, New York, 1973.
- Conference on "Current Research Approaches to the Neural Mechanisms of Learning and Memory," Pacific Grove, California, 1974.
- Society for Neuroscience, "The Role of Catecholamines in Learning and Memory," Physiological Psychology Special Interest Dinner, New York, 1975.
- Neuroscience Research Program, Conference on "The Hippocampus," Woods Hole, 1976.
- Gordon Research Conference on Medicinal Chemistry, "Drugs and Memory," Colby, New Hampshire, 1976.
- H.R. Robins Lecture Series, "Drug Facilitation of Memory Processes," Richmond, Virginia, 1976.
- Gordon Research Conference on Macromolecules and Behavior, "Drug Effects on Learning and Recall," Wolfeboro, New Hampshire, 1977.
- First Winter Conference on Neurobiology of Learning and Memory, "Norepinephrine and Memory," Salt Lake City, Utah, 1977.
- Gordon Research Conference, "Catecholamine Modulation of Memory Processing," Tilton, New Hampshire, 1977.
- Fourth International Catecholamine Symposium, "Hormonally Mediated Noradrenergic Modulation of Memory," Asilomar, California, 1978.
- Third Winter Conference on Neurobiology of Learning and Memory, "What is the role of arousal in mnemonic function?" Park City, Utah, 1979.
- Gordon Research Conference on Macromolecules and Behavior, "Hormonal Modulation of Memory Processes," Wolfeboro, New Hampshire, 1979.
- NRC Conference on Aging, Discussant on "Neurobiology and Aging," Woods Hole, Massachusetts, 1979.
- Fourth Winter Conference on Neurobiology of Learning and Memory, "Peripheral Hormones and Memory," Park City, Utah, 1980.
- Sixth International Neurobiology Symposium on Learning and Memory, "Catecholamine Modulation of Memory Formation," Magdeburg, G.D.R., 1980.
- Conference on the Neurobiology of Learning and Memory, "Modulation of Brain Plasticity," Irvine, California, 1982.
- American Psychological Association Annual Meeting, Symposium on Research Strategies in Pharmacology of Memory, "Epinephrine Regulation of Neuronal Plasticity," Toronto, Ontario, 1984.
- Harvard Symposium on Quantitative Analyses of Behavior: Biological Determinants of Behavior, "Role of Epinephrine in Mediating Reinforcement Effects of Memory Storage," Cambridge, Massachusetts, 1984.
- Association of University Anesthetists, "Learning Under Anesthesia," Santa Monica, California, 1985.
- Seventh International Biological Symposium, "Memory Enhancement with Post training Glucose Injections," Magdeburg, G.D.R., 1985.
- University of Virginia Diabetes Center, "Sweet Memories," Charlottesville, Virginia, 1986.
- American Society for Pharmacology and Experimental Therapeutics, "Adrenergic Mechanisms in Neuronal Plasticity," Baltimore, Maryland, 1986.
- International Union of Physiological Sciences, "Cellular Mechanisms of Conditioning and Behavioral Plasticity," Seattle, Washington, 1986.
- Winter Conference on Brain Research, Workshop Chair, "Catecholamine Regulation of

Neuronal Plasticity and Memory," Vail, 1987.

- Searle Lecture Series, "Neuroendocrine Regulation of Memory Storage," Skokie, Illinois, 1987.
- Gordon Research Conference on Neural Plasticity, "Hormones and Memory," Wolfeboro, New Hampshire, 1987.
- National Institute on Aging, Workshop on Memory and Aging, "Neuroendocrine factors in agerelated memory dysfunctions: Studies in animals and humans," Baltimore, 1987.
- Smithsonian Lecture, "Sweet Memories," Washington, D.C., 1988.
- American Psychological Association Fellows Address, "Neuroendocrine regulation of memory storage processing," Atlanta, 1988.
- International Conference on Aging and Longevity: The potential for nutritional modulation of the aging process. The involvement of glucose and glucose regulation on memory in rodents and humans. New York, 1988.
- Sixth International Symposium on Neural Control of Bodily Function: Basic and Clinical Aspects. Peripheral Signaling of the Brain: Role of Neural-Immune Interactions and Learning and Memory, "An integrated memory regulation system: From blood to brain," Irvine, 1989.
- Fourteenth Winter Conference on the Neurobiology of Learning and Memory, Session on "Comparisons between animal models of memory disorder and human amnesia." Park City, 1990.
